Hi Willy,

I'm back in town today and went right into meetings. I'm working to get Todd between meetings so we can call you together on the next opportunity.

However, we are working on the financing and hope to make the final payment this week. I'll let you know when I get time slots from Todd.

I haven't received a reply to my voice mail or email.

We need to talk.

Without communication you leave us very few options.

We want to work with you to help you fulfill your obligation but we need to understand the situation to see if we can help.

Just pushing this off day by day is not acceptable.

Let's talk and see if we can get to the finish line.

Please call asap

Good morning Willy

I'm told that I won't have an update until tomorrow on the timeline. Once the month is closed however I do want the machines ASAP so will continue to push the payment for the last set of machines.

I didn't hear back from anyone on Friday.

Have you determined when the balance of the machines will be moving out?

I recall in previous discussions that you had said you must have these machines moved out by April 30th.

We need to move these machines. I would like to get a firm response as to why this is being delayed and when payment will be finalized.

It is unjust to request extension of payment without giving us information on a new ship date.

Please respond today.

Good morning Willy,

I'm am very sorry for the delayed reply. I have been in Indiana working to ensure that all the machines are unboxed and started. Todd has been at a Microcap convention in Las Vegas as a speaker this week so we both have been out of pocket. We expect to be able to talk today about the timing of the financing for the 600 machines. I have power and rack space to start them immediately so I want them right away. I expect that we are looking at early next week but please let me connect with Todd today and get back with our final plan.

Thank you again for understanding and I'm so sorry for the delay.
